Mayor's Budget Statement

It is a privilege and an important responsibility to be presenting to you what will be my third budget as Mayor. The presentation of this budget is the culmination of months of hard work and deliberations on the part of Councillors and staff, and I thank everyone across the organisation who has contributed to its preparation.

The six months leading up to this budget meeting have brought momentous change, both internally and externally. The appointment of our first ever Chief Financial Officer will, I am convinced, bring with it a new level of financial governance and a dedicated focus on sustainability. Other key appointments will contribute to this new era of good governance too.

The departure of CEO Mitchell Murphy, in the middle of these budget preparations, was a loss – but one that was quickly turned into an opportunity with the appointment of experienced executive Scott Mason to act in the role. Scott has stepped in and made a remarkable difference to the organisation, in a very short timeframe. Next week, our new permanent CEO, Dirk Dowling, will commence duties and begin to lead our organisation in delivering on this budget. I look forward to working with Dirk on this and other strategic matters.

There have been significant changes occurring outside of Council, too – and in preparing this budget we've had to be mindful of them. The future is as hard to predict as ever, even as the nation emerges from Covid restrictions. A change of government in Canberra has the potential to impact the way certain funding programs are prioritised and delivered. The macro-economic climate is in flux in ways that are yet to be fully understood. Inflation is rising, as well as interest rates. Supply-chain and labour-market disruptions are impacting our ability to deliver projects.

In the face of all the uncertainty this budget seeks to strike a balance, preparing our organisation for economic headwinds while shielding our community from any potential shocks. This was foremost in our minds when we targeted an average 4% increase in general rates, and it was also behind our work to minimise rate increases for pensioners, so that as a category they experience little to no rates increase at all.

The hard work of the past six months has produced a budget our community can be proud of, with a \$3m positive net result. We achieve this while still delivering over \$52m in operational services, and an \$18m capital improvements program. Only 17% of these combined programs are supported by rates levies and charges revenue, with the balance relying on funding programs, highlighting the importance of our advocacy with state and federal governments.

As always, Council's budget will continue to support an impressive range of positive outcomes for our community over the next twelve months including:

\$9.7 Million maintaining Public Facilities like Cemeteries, Showgrounds, Parks and Gardens, Pools, Sporting Facilities, and Town Halls;

\$8.9 Million maintaining and improving town streets, storm-water drainage and rural roads;

\$6.7 Million providing water and sewerage services;

\$1.1 Million managing pests, weeds, rural lands, stock routes, and reserves;

\$975,000 supporting the regional visitor economy; and,

\$906,000 delivering Community Services such as Libraries, Events, and Sponsorship.

Over the coming year Council, under the guidance of the new CEO, will also be undertaking some important strategic work that will further the development of our region. An updated strategic framework for the organisation will inform better decision making. This work will provide focus and drive for our long established priorities, such as water security, and new opportunities, such as manufacturing and processing.

This budget will support the work of Council under new leadership, and compliment the development of new capabilities that will serve us well into whatever the next twelve months hold. It represents a responsible step into the future for our organisation and the community.

I am pleased to commend it to you.

Cr Tony Rayner – Mayor, Longreach Regional Council

Revenue Policy

PURPOSE

Section 193 of the *Local Government Regulation 2012* provides that Council must annually review its revenue policy for each financial year.

This policy states:

1. the principles that Council intends to apply in the 2022-23 financial year for:
 - levying rates and charges; and
 - granting concessions for rates and charges; and
 - recovering overdue rates and charges; and
 - cost-recovery methods; and
2. if Council intends to grant concessions for rates and charges – the purpose for the concessions; and
3. the extent to which physical and social infrastructure costs for a new development are to be funded by charges for the development.

SCOPE

This policy will apply to the financial year commencing 1 July 2022 and ending 30 June 2023.

This policy contains principles to be used in preparing the budget. It will also be used when preparing, reviewing and applying related policies, procedures and guidelines which apply during the 2022-23 financial year.

POLICY STATEMENT

1. Levying rates and charges

In making and levying rates and charges, Council is required to comply with the requirements of Queensland and Australian Government legislation.

Where appropriate, the principle of user pays will be applied in the making of charges to minimise the impact of these charges on the local economy.

Council aims to raise sufficient funds to meet its costs for the year after taking into account revenue from direct user charges, grants and subsidies, contributions and other sources.

Council will also have regard to the principles of:

1. equity by reference to the value or quality of land;
2. transparency in the making and levying of rates and charges;
3. having in place a rating regime that is efficient to administer;
4. clarity in terms of Council's and ratepayer's responsibilities in regard to the rating process;
5. flexibility to take into account changes in the local economy; and
6. partnering to assist the smooth running of the local economy by timing the levying of rates to align with the financial cycle of local economic activity.

2. Granting concessions for rates and charges

In considering the application of concessions, Council will be guided by the principles of:

1. equity by reference to the value or quality of land within the local community;
2. transparency by making clear the requirements necessary to receive concessions;
3. equality by providing the same treatment for ratepayers with similar circumstances;
4. flexibility to allow Council to respond to the local economic issues; and
5. responsiveness to community expectations of what activities should attract assistance from Council.

3. Recovering overdue rates and charges

Council will exercise its recovery powers pursuant to the provisions of Chapter 4 Part 12 of the *Local Government Regulation 2012*, in order to reduce the overall rate burden on ratepayers. Council is guided by the principles of:

1. transparency by making clear the obligations of ratepayers and the processes used by Council in assisting them to meet their financial obligations;
2. clarity and cost effectiveness in the processes used to recover overdue rates and charges;
3. equity by determining appropriate arrangements for different sectors of the community;
4. equality by providing the same treatment for ratepayers with similar circumstances; and
5. flexibility by responding where necessary to changes in the local economy.

4. Cost-recovery fees

Section 97 of the *Local Government Act 2009* allows Council to establish fees to recover costs associated with the provision of certain activities or services.

Council will be guided by the principle of neutrality by ensuring that the fee is no more than the cost to Council of taking the action for which the fee is charged.

5. Purpose of concessions for rates and charges

Council will make concessions available in accordance with the provisions of Chapter 4, Part 10 of the *Local Government Regulation 2012*. In considering the application of concessions, Council will be guided by the principles set out in section 2 above.

6. Physical and social infrastructure costs for a new development

Council requires developers to pay reasonable and relevant contributions towards the cost of physical and social infrastructure required to support the development. Specific charges are detailed in Council's Cost Recovery Fees and other material supporting Council's town planning scheme.

Revenue Statement Including Schedules

BACKGROUND

Local Government Act 2009

Section 104(5) (a) (iv) of the *Local Government Act 2009* states the following:

- (5) *The system of financial management established by a local government must include -*
- (a) *the following financial planning documents prepared for the local government:*
 - (i) *a 5-year corporate plan that incorporates community engagement;*
 - (ii) *a long-term asset management plan;*
 - (iii) *a long-term financial forecast;*
 - (iv) *an annual budget including revenue statement;*
 - (v) *an annual operational plan.*

Local Government Regulation 2012

Section 172 of the *Local Government Regulation 2012* outlines the requirement of the Revenue Statement:

- (1) *The revenue statement for a local government must state—*
- (a) *if the local government levies differential general rates—*
 - (i) *the rating categories for rateable land in the local government area; and*
 - (ii) *a description of each rating category; and*
 - (b) *if the local government levies special rates or charges for a joint government activity—a summary of the terms of the joint government activity; and*
 - (c) *if the local government fixes a cost-recovery fee—the criteria used to decide the amount of the cost-recovery fee; and*
 - (d) *if the local government conducts a business activity on a commercial basis—the criteria used to decide the amount of the charges for the activity's goods and services.*
- (2) *Also, the revenue statement for a financial year must include the following information for the financial year—*
- (a) *an outline and explanation of the measures that the local government has adopted for raising revenue, including an outline and explanation of—*
 - (i) *the rates and charges to be levied in the financial year; and*
 - (ii) *the concessions for rates and charges to be granted in the financial year;*
 - (b) *whether the local government has made a resolution limiting an increase of rates and charges.*

RATING

1. Differential General Rates

General rates are levied to help fund Council's administration as well as services, facilities and activities that are supplied or undertaken for the benefit of the community in general (rather than a particular person).

The Council is required to raise an appropriate amount of revenue to maintain assets and provide services to the area as a whole. In deciding how this revenue is raised, Council considered:

- The rateable value of the land;
- Relative valuations between different types of land;
- The demand that some land uses place on services which Council is required to provide; and
- The ability of the land to generate revenue.

Pursuant to section 81 of the *Local Government Regulation 2012*, the categories in to which rateable land is categorised, and the description of those categories, is as follows:

Differential Category	Description	Cent in the dollar	Minimum
1 – Residential (Longreach) <0.4 Ha	Land used or intended for use, in whole or in part, for residential purposes within the township of Longreach which has an area of less than 0.40 Ha, except land included in category 7, 8, 9.	4.5856	\$843
2– Residential (Longreach) 0.4-1 Ha	Land used or intended for use, in whole or in part, for residential purposes within the township of Longreach which has an area of more than 0.40 Ha but less than 1 Ha, except land included in category 7, 8, 9.	3.3578	\$843
3– Residential (Longreach) 1 Ha or more	Land used or intended for use, in whole or in part, for residential purposes within the township of Longreach which has an area of more than 1 Ha but less than 5 Ha, except land included in category 7, 8, 9.	3.0130	\$843

Identification of Land

Council delegates to the Chief Executive Officer the power pursuant to section 81(4) and 81(5) of the *Local Government Regulation 2012*, to identify the rating category to which each parcel of rateable land in Council's area belongs.

Minimum Differential General Rates

Pursuant to section 77 of the *Local Government Regulation 2012* Council considers that there should be a minimum charge for all ratepayers within the region. Due to valuation diversities it is expected that all rateable properties contribute toward the cost of Council providing basic services to the community. Differing minimum differential rates are applied in recognition of the differing levels of minimum basic service levels supplied to each different category of differential rating.

2. Separate Charge

Separate Charge – Environmental Levy

Pursuant to section 94 of the *Local Government Act 2009* and section 103 of the *Local Government Regulation 2012*, Council make and levy a separate charge to be known as the Environmental Levy Separate Charge in the sum of \$123 per rateable assessment, to be levied equally on all rateable land in the local government area for the purposes of funding natural resource, environmental and waste management strategies.

3. Special Charges

Special Charge – Control of Pests

Pursuant to section 94 of the *Local Government Act 2009* and section 94 of the *Local Government Regulation 2012*, Council make and levy a special charge to be known as the Control of Pest Special Charge of 2.49 cents per hectare, per levy period, on all rural land greater than 25 hectares within the local government area, to which the overall plan applies, to fund the provision of pest control through coordinated baiting programs.

The overall plan for the Control of Pests Special Charge is as follows:

1. The service, facility or activity is the provision of pest control services through coordinated baiting programs to the rural parts of the Council area. These pest control services serve to assist with the control of wild dogs and wild pigs which, in turn, improves the viability of, and therefore benefits, the land being levied;
2. The rateable land to which the special rate shall apply is all rural land within the Council area, having an area in excess of 25 hectares, per levy period. Council considers that the rateable land described above derives a special benefit from the service, facility and activity funded by the special charge at differential levels reflecting the degree to which the land or its occupier is considered to derive benefit;
3. The estimated cost of carrying out the overall plan is \$450,000;
4. The timeframe for carrying out the overall plan is twelve (12) months ending 30 June 2023.
5. A special charge shall be levied and no discount will apply.

Special Charge – Longreach Wild Dog Exclusion Fence Scheme

Pursuant to section 94 of the *Local Government Act 2009 (LGA)* and section 94 of the *Local Government Regulation 2012 (LGR)*, Council will levy in this and future budget meetings a special charge to be known as the Longreach Wild Dog Exclusion Fencing Scheme Special Charge. This Special Charge will be levied on certain rural properties in the local government area, to which the Overall Plan applies, to fund the provision of wild dog exclusion fencing. The Scheme commenced in 2016 and will be fully completed in 2038.

The Overall Plan for the Longreach Wild Dog Exclusion Fencing Scheme Special Charge was adopted by Council at its 21 July 2016 Budget Meeting and amended at subsequent Budget Meetings. Council now amends the Overall Plan to read as follows.

Overall Plan

The Overall Plan for the Longreach Wild Dog Exclusion Fence Scheme Special Charge is as follows:

- I. The service, facility or activity is the borrowing of funds to implement the project, purchase materials and construct exclusion fencing that controls pest animals for the identified rateable land to which the special charge will apply;
- II. The Scheme is intended to be cost neutral to Council. It does not involve a loan arrangement with landowners but is implemented through the exercise of Council's statutory powers under the LGA and LGR.
- III. Council has borrowed funds from the Queensland Treasury Corporation (**QTC**) to fund the Scheme.
- IV. The rateable land which has been identified in the Overall Plan (or its occupier) specially benefits from the service, facility or activity funded by the special charge because the provision of the exclusion fencing empowers a landholder or group of landholders to develop an integrated property pest management plan involving baiting, trapping and shooting to control pest animals and improve the economic viability of this land for grazing purposes. The rateable land to which the special charge will apply are the properties listed in column 1 of Table 4A below.
- V. The amount of Special Charge will differ for each parcel of identified rateable land according to the level of benefit that the property receives from the provision of the exclusion fencing. The level of benefit for each property will be determined according to the total costs associated with Council's borrowing from QTC, the purchase of materials and construction of fencing. Special Charges will be levied and paid over 20 years for each of the parcels of identified rateable land from the commencement of the arrangement with each property.
- VI. The Total Cost for each parcel of rateable land to determine the amount of Special Charge under the Scheme will be calculated as follows:
 - i. the net cost of materials and construction paid by Council; plus
 - ii. the notional interest on the amounts under sub-paragraph i) above for the first two year period where no Special Charges will be levied for a parcel of identified rateable land; plus
 - iii. the QTC Administration fee; plus
 - iv. Council's 2% Administration fee which will be calculated on the sum of sub-paragraphs i), ii) and iii) above (**Total Cost**)

Special Charges will then be levied by Council as follows:

- i. For years one and two of the Scheme that applies to an individual parcel of the identified rateable land, Special Charges will not be levied;
 - ii. For years three to five of the Scheme that applies to an individual parcel of the identified rateable land, Special Charges will be levied to cover notional interest only on the Total Cost of the Scheme for that property; and
 - iii. For years six to twenty of the Scheme that applies to an individual parcel of the identified rateable land, Special Charges will be levied to cover repayment of the Total Cost of the Scheme for that property and notional interest on outstanding amounts for the remaining term.
- VII. The estimated cost of carrying out the overall plan is \$17.8M. This figure includes all of the costs associated with the installation of the exclusion fencing, administrative costs,

and interest and fees charged on the Total Cost for each parcel of identified rateable land;

- VIII. The estimated time for carrying out the Overall Plan is 22 years, with the Overall Plan commencing on 1 July 2016 and concluding on 30 June 2038. The first fence construction on a parcel of identified rateable land commenced in 2017 and the final Special Charge for the Overall Plan will be levied by Council in 2038;
- IX. Council will not accept any lump sum payments in settlement of amounts to be paid under the Scheme. Because the Scheme does not involve a loan arrangement, early repayment is not possible and will not be permitted by Council. No early payment discounts apply to payments of Special Charges.
- X. The projected Special Charges for all properties which are included in the Scheme are set out in Table 4A.

Annual Implementation Plan

The Annual Implementation Plan for the 2022/23 financial year will be levying Special Charges for the 2022/23 year as set out in Table 4A.

4. Utility Charges

Water Utility Charges

Pursuant to section 94 of the *Local Government Act 2009* and section 99 of the *Local Government Regulation 2012*, Council make and levy water utility charges, for the supply of water services by the Council, as follows:

Water charges are determined, collected and used for the purpose of defraying the cost of, water demand management, construction of water infrastructure and the cost of operating, maintaining and managing the water supply system.

A charge is to be levied for the provision of water, which entitles the consumer/ratepayer to use a specified amount referred to as an annual allowance. In the case of land not connected to the Council's water supply but capable of being connected, a vacant water charge is applied to contribute toward the cost of the water supply infrastructure.

Any consumer/ratepayer that has a usage above this specified allowance will be charged for excess water usage. The first 500 kilolitres in excess of the allowance will be charged a rate of \$1.29 and every kilolitre thereafter being charged at a rate of \$2.58 per kilolitre. Where an excess water charge is applied to the common property in a Building Unit or Group Title Plan the charge for such service shall be apportioned to each lot according to unit entitlement.

Where commercial businesses, which are located within a residential premises or on a residential block, are high users of water (in excess of 1,000kl per annum), these commercial businesses may (at their cost), install a separate water connection for the commercial entity in order to access Council's bulk water rate.

Pursuant to section 102(2) of the *Local Government Regulation 2012*, a water meter is taken to have been read during the period that starts 2 weeks before, and ends 2 weeks after, the day on which the meter is actually read.

Bulk Water Utility Charges

Pursuant to section 94 of the *Local Government Act 2009* and section 99 of the *Local Government Regulation 2012*, Council make and levy water utility charges, for the supply of water services by the Council, as follows:

A charge is to be levied for the provision of bulk water for certain identified properties which will be charged at a rate per kilolitre for all water supplied and measured by a water meter. The identified properties will be billed on a quarterly basis.

Where a bulk water charge is applied to the common property in a Building Unit or Group Title Plan the charge for such service shall be apportioned to each lot according to unit entitlement.

Pursuant to section 102(2) of the *Local Government Regulation 2012*, a water meter is taken to have been read during the period that starts 2 weeks before, and ends 2 weeks after, the day on which the meter is actually read. The Council has decided for the properties listed in Table 8 and Table 9 below that, instead of allocating a number of units it will charge in bulk (quarterly) for all water supplied and measured by meter.

Bulk water will be charged at a rate of **\$1.21** per kilolitre. Bulk water is provided as untreated water to Class 6 Users.

WATER CHARGES - EXCESS WATER – ALL TOWNS

For each parcel or lot of land to which water is supplied (other than bulk water) and measured by meter, a charge shall be levied per kl or part thereof for that quantity of water used or estimated to be used in excess of the allowance shown above for the first 500 kl in excess *AND* for each kl in excess of 500 kl and will be charged at the following rates:

- \$1.29 per kilolitre for the first 500kl in excess: and
- \$2.58 per kilolitre thereafter

For the purpose of this clause, the quantity of water used may, when a meter fails or registers inaccurately, be estimated by the Director Infrastructure Services using the use for the same quarter of the previous year or an average of the previous year and having regard for climatic conditions.

Utility Charge - Sewerage

Council provides a sewerage network in the town of Longreach, and Common Effluent Drainage (CED) networks in the towns of Ilfracombe and Isisford.

Pursuant to section 94 of the *Local Government Act 2009* and section 99 of the *Local Government Regulation 2012*, Council make and levy sewerage utility charges, for the supply of sewerage services by the Council, as follows:

Where a sewerage charge is applied to the common property in a Building Unit or Group Title Plan the charge for such service shall be apportioned to each lot according to unit entitlement.

Revenue from these charges is used for the purpose of defraying the cost of planning and constructing sewerage or CED infrastructure and the cost of operating, maintaining and managing the sewerage and CED systems.

Utility Charge - Waste Management

Pursuant to section 94 of the *Local Government Act 2009* and section 99 of the *Local Government Regulation 2012*, Council make and levy waste management utility charges, for the supply of waste management services by the Council, as follows:

Charges for refuse services will commence upon premises being considered to be able to be occupied and the delivery of the 240 litre bin to the premises by Council.

For any shared services for lots within the meaning of the “Building Units & Group Titles Act” or an Act in substitution the charge shall be apportioned according to unit entitlement, provided that where a service is commenced or terminated during a year, a pro-rata charge shall be levied. Where a cleansing service is supplied to the common property in a Building Unit or Group Title Plan the charge for such service shall be apportioned to each lot according to unit entitlement.

No adjustment shall be made for non-occupancy or use of premises less than 6 months in duration. No adjustment shall be made for non-occupancy or use of premises until written advice is given to Council and only from the date of receipt of that advice and the return of the relevant bins provided to Council.

5. Limitation of Rates and Charges Increases

Council recognises its responsibility to provide services in line with revenue gained both by rates and recurrent government funding. When determining the level of rates and charges, and while not imposing a cap on rates and charges increases, Council will have due regard to the communities expectations for services and its capacity to pay for such services.

6. Procedures for the Levying of Rates and Charges

Discount

Pursuant to section 130 of the *Local Government Regulation 2012*, the differential general rates, sewerage utility charges, water utility charges (not including bulk or excess water consumption) and waste management utility charges made and levied shall be subject to a discount of 10% if paid within the discount period of 30 clear days of the date of issue of the rate notice provided that:

- a. all of the aforementioned rates and charges are paid within 30 clear days of the date of issue of the rate notice;
- b. all other rates and charges appearing on the rate notice (that are not subject to a discount) are paid within 30 clear days after the date of issue of the rate notice; and
- c. all other overdue rates and charges relating to the rateable assessment are paid within 30 clear days of the date of issue of the rate notice.

Where any balance remains outstanding after the discount period identified above, ratepayers will not be entitled to receive the benefit of the discount amount offered.

Interest

Pursuant to section 133 of the *Local Government Regulation 2012*, compound interest on daily rests at the rate of eight percent (8.0%) is to be charged on all overdue rates or charges.

Interest will accrue on all outstanding rates and charges forty (40) days after the issue of rates notices.

Levy and Payment

Pursuant to section 107 of the *Local Government Regulation 2012* and section 114 of the *Fire and Emergency Services Act 1990*, Council's rates and charges, and the State Government's Emergency Management, Fire and Rescue Levy will be levied:

- for the half year 1 July 2022 to 31 December 2022 - in August/September 2022;
and
- for the half year 1 January 2023 to 30 June 2023 - in February/March 2023.

Pursuant to section 118 of the *Local Government Regulation 2012*, that Council's rates and charges, and the State Government's Emergency Management, Fire and Rescue Levy, be paid within 30 clear days of the date of the issue of the rate notice. Rates Notices for all Rates and Charges, excluding Bulk Water, shall be issued on a half-yearly basis. Bulk Water will be billed quarterly where possible.

Payment of Rates and Charges by Instalments

Pursuant to section 129(1) of the *Local Government Regulation 2012*, Council will allow ratepayers to pay rates and charges by instalments provided certain requirements are met. For section 129(3)(a) of the *Local Government Regulation 2012*, the period for the payment of each instalment shall be monthly.

For section 129(3)(b) of the *Local Government Regulation 2012*, the following requirements apply for paying rates or charges by instalments:

1. Any arrangement for payment by instalments will not be eligible for early payment discount unless the full amount owing is paid by the due date on the rates notice; and
2. The ratepayer must demonstrate a case of genuine hardship by making application to Council and providing evidence to support their hardship claim; and
3. Council reserves the right to consider and may or may not agree to a payment arrangement; and
4. Each instalment must be paid by its due date; and

5. The instalment plan must pay the balance owing within the subject levy period, eg: July 2022-December 2022 levied rates and charges paid by 30 December 2022 or January 2023 –June 2023 levied rates and charges paid by 30 June 2023; and
6. Special consideration may be provided with CEO approval where there has been a demonstrated record of prompt payment in the past and genuine financial hardship is experienced, to extend this period to the end of the following rating period; and
7. Council may, at its discretion, waive interest charges on overdue amounts whilst a payment arrangement is current; and
8. All rates and charges which remain outstanding after the end of the levy period to which they apply, will incur interest; and
9. Where a ratepayer fails to pay an instalment by a due date, Council may cancel the instalment plan and the full balance of the rates and charges levied will become outstanding and incur interest; and
10. Council will not pursue further recovery action against a ratepayer while the arrangement is current and the ratepayer adheres to the agreed repayment schedule; and
11. Council reserves the right to renegotiate or cancel a payment arrangement should circumstances change where the debt will not be paid within the agreed time frame.

7. Concessions

Pensioner Rating Concession

Pursuant to sections 120, 121 and 122 of the *Local Government Regulation 2012*, a rebate of the differential general rate, sewerage utility charges, water utility charges (not including bulk or excess water consumption) and waste management utility charges will be granted to all ratepayers who are pensioners and who are eligible for the State Government pensioner remission.

Eligibility for the concessions is determined by the criteria for eligibility set for the State Government Pensioner Rate Subsidy Scheme and in addition to meeting this criterion the pensioner must be in receipt of at least 25% of the maximum rate of pension. Eligible pensioners can receive the following rating concessions which will be capped at \$805 per annum.

General rates	37.5% of gross rates
Water charges	37.5% of gross rates excluding any consumption charge or excess consumption charge.
Cleansing charges	37.5% of gross charges – one bin only
Sewerage charges	37.5% of gross rates

8. Cost-Recovery Fees

Council regulates various activities within the community in order to ensure a standard of amenity commensurate with public expectations and to comply with legislative requirements. The fees are not to be more than the cost to Council of taking the action for which the fee is charged. Council sets these fees each financial year. These fees are subject to change by Council resolution at any time.

9. Business Activities

Sections 9 (Powers of local governments generally) and 262 (Powers in support of responsibilities) of the Local Government Act 2009 provide the Council, as a legal entity, with powers to charge for services and facilities it supplies, other than a service or facility for which a cost-recovery fee may be fixed. Such business activity charges are for transactions where the Council is prepared to provide a service and the other party to the transaction can choose whether or not to avail itself of the service. The making of business activity charges may be delegated by the Council (recorded in the Delegations Register).

Debt Policy

PURPOSE

Section 192 of the *Local Government Regulations 2012* provides that Council must prepare and adopt a debt policy for a financial year. The debt policy must state:

1. the new borrowings planned for the current financial year and the next 9 financial years; and
2. the period over which Council plans to repay existing and new borrowings.

SCOPE

This policy will apply to the financial year commencing 1 July 2022 and ending 30 June 2023.

The debt policy will be used when reviewing, preparing and applying related debt policies, procedures and guidelines.

POLICY STATEMENT

Debt management is undertaken in accordance with Council's Risk Management Framework and the Queensland Government's *Statutory Bodies Financial Arrangements Act 1982*.

Council borrows to supplement revenues as a means of paying for specific and general capital expenditures, particularly where the assets being funded have long economic lives. The term of debt will match the effective life of the asset being funded, but no longer than 30 years. Council will only take on new debt if the servicing requirements are sustainable over the longer term forecast.

From time to time Council may repay existing loans before their maturity date if economic conditions are favourable and there is a long-term financial benefit to Council.

Based on the current financial plan, Council forecasts that the borrowings over the next 10 years are as follows (all figures in \$ millions).

2022/23	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30	2030/31	2031/32
16.7	15.3	13.9	12.4	11.0	9.6	8.2	7.2	6.1	5.1

These forecasts have been sourced from Council's 2022/23 budget and are based on no new debt and existing repayment schedules being maintained. Existing debt has maturity dates falling between 2026 and 2038.

Investment Policy

PURPOSE

Section 191 of the *Local Government Regulation 2012* provides that Council must prepare and adopt an investment policy. The investment policy must outline:

1. Council's investment objectives and overall risk philosophy; and
2. procedures for achieving the goals related to investment stated in the policy.

SCOPE

This policy will apply to the financial year commencing 1 July 2022 and ending 30 June 2023.

The investment policy will be used when reviewing, preparing and applying related investment policies, procedures and guidelines.

POLICY STATEMENT

1. Philosophy and strategy for investment and risk

Council's philosophy and strategy for investments and risk are contained in Council's Risk Management Framework. Investments are undertaken in accordance with the Queensland Government's *Statutory Bodies Financial Arrangements Act 1982*.

The intention of Council's investment strategy is to meet Council's financial obligations in a timely manner and to generate earnings within prudential guidelines.

Providing approval is given, investments may include:

1. surplus cash held over in the bank account;
2. surplus cash invested in the short-term money market with approved counterparties;
3. other investments that may from time to time be included under this definition.

2. Investment objectives and expectations

Investments are undertaken with the objective of achieving a commercially acceptable return within approved risk parameters.

Investments should be:

1. undertaken in accordance with Council's Risk Management Framework;
2. made with suitable credit-worthy financial counterparties;
3. made for a period of time that meets Council's cash flow requirements but not for a period of more than 12 months; and
4. able to provide a commercially acceptable return.

3. Procedures

Procedures and standards for achieving the investment objectives and expectations will be included in Treasury management directives and procedures.

The Chief Financial Officer and his delegated Officers manage the investments for Council according to the various management directives and procedures. Any breach of the Risk Management Framework is to be reported to the Chief Executive Officer as soon as possible.
