

<b>Revenue Statement 2023-2024</b>		 <b>Longreach Regional Council</b>
Policy Number:	1.6	
Policy Category:	Financial	
Authorised by:	Res-2023-06-150	
Date approved:	22 June 2023	
Review Date:	30 June 2024	

This Revenue Statement has been prepared to comply with section 104(5) of the *Local Government Act 2009* and in accordance with sections 169(2)(b) and 172 of the *Local Government Regulation 2012*.

### **1. RATES AND CHARGES (s 94 *Local Government Act 2009*)**

The Revenue Statement outlines the revenue measures adopted by Longreach Regional Council (Council) for the financial year ending 30 June 2024.

For the financial year ending 30 June 2024, Council will make and levy rates and charges including:

- Differential general rates,
- Special rates and charges,
- Separate charges, and
- Utility charges for water, sewerage and waste management.

### **2. GENERAL RATES RATIONALE**

General rates are for services, facilities and activities that are supplied or undertaken for the benefit of the community in general.

In accordance with section 74(1) of the *Local Government Regulations 2012*, Council calculates the rates for land by using the rateable value of the land, which is determined by the Department of Resources. The general rate could be determined by dividing the income needed from general rates by the rateable valuation of lands, however that would be inequitable due to the diversity in the Longreach region in terms of land use and location, land values, access to, and actual and potential demands for, services and facilities.

To provide a more equitable and reasonable basis for its revenue raising, Council has adopted a general rating system that takes into account a combination of specific user charges, separate charges, special rates and charges and differential general rates.

### **3. DIFFERENTIAL GENERAL RATES (Chapter 4, Part 5, Division 1 *Local Government Regulation 2012*)**

Council levies differential general rates, which means the amount of general rates payable for any property depends upon:

- The land's unimproved value as advised by the Department of Resources, and
- The Differential General Rating Category that Council gives to the land.

Council considers the following factors in determining the Differential General Rating Categories:

- The rateable value of the land and rates that would be payable if only one general rate was levied,
- The use of the land as it relates to actual and potential demand for Council services,
- The location of the land as it relates to actual and potential demand for Council services, and
- The impact of rateable valuations on the level of general rates to be paid.

The Council delegates to the Chief Executive Officer the power to identify the rating category applicable to each parcel of rateable land. In undertaking this task, the Chief Executive Officer will be guided by the descriptions of each category.

#### **4. LIMITATION ON RATE INCREASE (Chapter 4, Part 9, Division 3 Local Government Regulation 2012)**

Council has determined that it is not appropriate to apply limits to increases applicable to any of the Differential Rating Categories identified in this Revenue Statement and will not be making a resolution to limit the increases in rates and charges for the current period.

#### **5. SEPARATE CHARGES (s 94 Local Government Act 2009)**

Council will make and levy pursuant to section 94 of the *Local Government Act 2009* separate charges to defray the expense it incurs in providing identified services or facilities or engaging in identified activities for the benefit of its local governed area.

The charges are calculated on the basis of the estimated cost to Council of providing these services. Revenue raised from these charges will only be used to fund either all or part of the costs associated with the activities.

Council considers that the benefit of each service, facility or activity is shared equally by all parcels of rateable land, regardless of their value.

##### **5.1 Environmental Levy Separate Charge**

Council will make and levy a separate charge to defray part of the cost of formulating and implementing initiatives for natural resources, environmental protection and waste management strategies that contribute to these outcomes.

Council will make and levy the charge equally on all rateable land within the Longreach Regional Council area.

The amount of the Environmental Levy Special Charge will be \$128 per annum per rateable assessment throughout the region.

#### **6. SPECIAL CHARGES (s 94 Local Government Act 2009)**

Council will make and levy pursuant to section 94 of the *Local Government Act 2009* special charges to defray the expense it incurs in providing identified services or facilities, or engaging in identified activities because, the land or its occupiers has especially benefited, or will especially benefit from, or will have special access to the identified services, facilities or activities. Revenue raised from these rates and charges will only be used to fund the implementation program or scheme for the specific services, facilities or activities.

##### **6.1 Control of Pests Special Charge**

Pursuant to section 94 of the *Local Government Act 2009*, Council will make and levy a special charge for the provision of pest control services through coordinated baiting programs to assist with the control of wild dogs and wild pigs on rural land as follows:

The rateable land to which the special charge applies is all rural land within the Longreach Regional Council area with an area greater than 25 hectares.

The service, facility or activity for which the special charge is made is the provision of a coordinated baiting program to assist with the control of wild dogs and wild pigs on rural land for the financial year ending 30 June 2024.

The occupier of the land to be levied with the special charge will specially benefit from the pest control services as the control of wild dogs and wild pigs on the properties improves the viability of and benefits from the land for the occupier.

The estimated cost of Council implementing the Overall Plan is \$151,581, of which the sum of \$96,237,73 will be funded by this special charge.

The estimated time for implementing the Overall Plan is 12 months ending on 30 June 2024.

The special charge shall apply to each of the designated assessments listed in the table below at an annual charge of 2.59 cents per hectare for the financial year ending 30 June 2024.

The amount of the special charge per assessment is:

## 6.2 Longreach Wild Dog Exclusion Fence Scheme Special Charge

Pursuant to section 94 of the *Local Government Act 2009*, Council will make and levy a special charge for the provision of the Longreach Wild Dog Exclusion Fence Scheme on certain rural properties.

The Overall Plan for the Longreach Wild Dog Exclusion Fencing Scheme Special Charge was adopted by Council at its 21 July 2016 Budget Meeting and amended at subsequent Budget Meetings. Council now amends the Overall Plan to read as follows:

- The service, facility or activity is the borrowing of funds to implement the project, purchase materials and construct exclusion fencing that controls pest animals for the identified rateable land to which the special charge will apply;
- The Scheme is intended to be cost neutral to Council. It does not involve a loan arrangement with landowners but is implemented through the exercise of Council's statutory powers under the *Local Government Act 2009* and the *Local Government Regulations 2012*.
- Council has borrowed funds from the Queensland Treasury Corporation (**QTC**) to fund the Scheme.
- The rateable land which has been identified in the Overall Plan (or its occupier) specially benefits from the service, facility or activity funded by the special charge because the provision of the exclusion fencing empowers a landholder or group of landholders to develop an integrated property pest management plan involving baiting, trapping and shooting to control pest animals and improve the economic viability of this land for grazing purposes. The rateable land to which the special charge will apply are the properties listed in Table 4A below.
- The amount of Special Charge will differ for each parcel of identified rateable land according to the level of benefit that the property receives from the provision of the exclusion fencing. The level of benefit for each property will be determined according to the total costs associated with Council's borrowing from QTC, the purchase of materials and construction of fencing. Special Charges will be levied and paid over 20 years for each of the parcels of identified rateable land from the commencement of the arrangement with each property.
- The Total Cost for each parcel of rateable land to determine the amount of Special Charge under the Scheme will be calculated as follows:
  - the net cost of materials and construction paid by Council; plus
  - the notional interest on the net cost of materials and construction paid by Council for the first two-year period where no Special Charges will be levied for a parcel of identified rateable land; plus
  - the QTC Administration fee; plus
  - Council's 2% Administration fee which will be calculated on the sum of costs noted above (**Total Cost**)
- Special Charges will then be levied by Council as follows:
  - For years one and two of the Scheme that applies to an individual parcel of the identified rateable land, Special Charges will not be levied;
  - For years three to five of the Scheme that applies to an individual parcel of the identified rateable land, Special Charges will be levied to cover notional interest only on the Total Cost of the Scheme for that property; and
  - For years six to twenty of the Scheme that applies to an individual parcel of the identified rateable land, Special Charges will be levied to cover repayment of the Total Cost of the Scheme for that property and notional interest on outstanding amounts for the remaining term.
- The estimated cost of carrying out the overall plan is \$17.8 million. This figure includes all of the costs associated with the installation of the exclusion fencing, administrative costs, and interest and fees charged on the Total Cost for each parcel of identified rateable land;
- The estimated time for carrying out the Overall Plan is 22 years, with the Overall Plan commencing on 1 July 2016 and concluding on 30 June 2038. The first fence construction on a parcel of identified rateable land commenced in 2017 and the final Special Charge for the Overall Plan will be levied by Council in 2038;
- The annual implementation plan for this special charge for the 2023/2024 financial year is the levying of the special charges as per the table that follows, for the purposes of making ongoing repayments to QTC of funds previously borrowed.
- Council will not accept any lump sum payments in settlement of amounts to be paid under the Scheme. Because the Scheme does not involve a loan arrangement, early repayment is not possible and will not be permitted by Council. No early payment discounts apply to payments of Special Charges.

The amount of the special charge for each assessment for the financial year ending 30 June 2024 is as follows:

## **7. UTILITY AND SERVICE CHARGES (s 94 Local Government Act 2009)**

Council will make and levy utility service charges for the financial year ending 30 June 2024 on the basis of an equitable distribution of the burden on those who utilise, or stand to benefit from, the provision of the utility services.

### **7.1 Water**

Water charges will be set to recover all of the costs associated with the provision of water services by Council in the 2023/24 financial year. These costs include loan interest, depreciation, the cost of ongoing maintenance and operation of the system including treatment plant operations and the provision of infrastructure.

The charge for the provision of water includes a water consumption allocation for the financial year. In the case of land not connected to the Council's water supply but capable of being connected, a vacant water charge is applied to contribute toward the cost of the water supply infrastructure.

Where an assessment consumes water above the allocated amount, it will be charged for excess water usage. The first 500 kilolitres in excess of the allocation will be charged a rate of \$1.32 and every kilolitre thereafter being charged at a rate of \$2.63 per kilolitre.

Where commercial businesses, which are located within a residential premises or on a residential block, are high users of water (in excess of 1,000kl per annum), these commercial businesses may (at their cost), install a separate water connection for the commercial entity in order to access Council's bulk water rate.

Council will read meters as at 30 June each year. Pursuant to section 102(2) of the Local Government Regulation 2012, a water meter is taken to have been read during the period that starts 2 weeks before, and ends 2 weeks after, the day on which the meter is actually read. If a water meter fails or registers inaccurately, the quantity of water used may be estimated by the Chief Executive Officer using the consumption for the same period in the prior year and having regard for climatic conditions.

The fixed water charges are shown in the following tables:

--	---

## Application of waste collection charges

Charges for waste services will commence upon a premises being considered to be able to be occupied and the delivery of the 240 litre bin to the premises by Council.

If a property has one or more residential structures or units capable of separate occupation, the relevant waste collection charges (Domestic Services) will be levied for each structure or unit (including flats, studios, cabins, dwellings and secondary dwellings).

If there is more than one commercial operator on land capable of separate occupation, the owner will be charged the appropriate fee according to the quantity of collections provided.

If a collection service is cancelled, charges will not be levied in the next period. If a 240 litre bin is returned to Council in a damaged state, the ratepayer will be charged the bin repair and replacement fee identified in Council's schedule of fees and charges.

## 8. TIMING FOR PAYMENT (s 118 Local Government Regulation 2012)

Rates, charges and utility charges referred to in the Revenue Statement shall generally be levied half yearly:

- Billing period 1 July to 31 December 2023 (usually issued August/September)
- Billing period 1 January to 30 June 2024 (usually issued February/March).

The exception will be the levying of bulk water consumption which will be levied at quarterly intervals. All rates, charges and utility charges shall be payable by the due date detailed on the rates and charges notice. Each rates and charges notice includes one half of the annual charges levied.

All rates and charges issued will be due and payable within 30 days of the issue of a notice to pay.

## 9. INTEREST (s 133 Local Government Regulation 2012)

Overdue rates and charges will bear interest at the rate of 11.64 percent per annum, compounded daily. Interest is payable from the date that the rates and charges become overdue.

## 10. DISCOUNT (s 130 Local Government Regulation 2012)

Discount of 10 percent will be allowed on gross Council rates and charges, excluding any charge specifically excluded from discount entitlement, provided payment of the full amount outstanding, including any overdue rates and interest to the date of payment, less any discount entitlement, is paid by the due date on the original rates notice.

Charges excluded from discount entitlement include:

## 11. CONCESSIONS (s 121 Local Government Regulation 2012)

### 11.1 Pensioner Subsidy

For pensioner ratepayers of their principal place of residence, Council will offer a subsidy of 39.5% (to a maximum of \$940) on all rates levied in respect of the property the person owns and occupies, excluding special rates and charges, water consumption charges and the Emergency Services Levy.

A pensioner is a person who holds a Centrelink Pensioner Concession Card or a Veterans Affairs Repatriation Health Card.

**12. COST RECOVERY FEES (s 97 Local Government Act 2009)**

Council will fix a cost recovery fee for any of the following:

- An application for, or the issue of, an approval, consent, licence, permission, registration or other authority under a local government act;
  - Recording a change of ownership;
  - Giving information kept under a local government act;
  - Seizing property or animals under a local government act; or
- Performing another responsibility imposed on Council under the Building Act or the Plumbing and Drainage Act.

The principles of full cost pricing are applied in calculating all cost recovery fees of the Council where applicable, but the fees will not exceed the cost to Council of providing the service or taking the action for which the fee is charged.

Cost Recovery Fees are listed in Council’s Register of Fees and Charges.

**13. OTHER FEES AND CHARGES (s 262 Local Government Act 2009)**

Council has the power to conduct business activities and make fees and charges for services and facilities it provides on this basis. Other fees and charges are made where Council provides a service and the other party to the transaction can choose whether or not to avail itself of the service. These fees and charges will reflect full cost recovery plus an administration fee plus a small profit margin.

Other Fees and Charges are listed in Council’s Register of Fees and Charges.
